

Dependable specimen support starts with a clear handoff.

CollectionWells is building contract-based specimen collection support for Philadelphia healthcare organizations, with dedicated medical courier service planned as insured transportation capacity becomes available.

PARTNER-FOCUSED	PHILADELPHIA-BASED	DOCUMENTED HANDOFFS
Service planning shaped around each organization's protocols.	Local coverage aligned with verified operating capacity.	Clear pickup, transfer, and delivery communication.

CORE CAPABILITIES

- Partner-directed specimen collection support
- Collection scheduling coordinated to partner needs
- Scheduled and time-sensitive pickup planning
- Documented pickup and delivery handoffs
- Recurring route support under custom agreements
- Responsive communication throughout the route

WHO WE AIM TO SERVE

- Diagnostic laboratories
- Medical practices and specialty clinics
- Outpatient and post-acute healthcare organizations
- Healthcare partners needing local route support

OPERATING APPROACH

- Written agreements and defined responsibilities
- Partner-specific handling and escalation protocols
- Service windows matched to verified capacity
- Patient dignity and privacy-minded communication

FOUNDER QUALIFICATIONS

Aahil Wells
Founder, CollectionWells

- Certified Nursing Assistant (CNA)

- Certified Phlebotomy Technician (CPT)
- Certified EKG Technician (CET)
- Experience across emergency, neurological, dialysis, and post-acute care settings

READINESS STATUS

Contract planning is open now. Active service will begin only after required insurance, partner protocols, appropriate transportation capacity, and written service agreements are confirmed.

CollectionWells is not a diagnostic laboratory and does not perform testing, interpret results, diagnose conditions, prescribe treatment, or provide emergency services. Business inquiries only. Do not send protected health information by standard email.
